How search engines index PDF files

Modern search engines are capable of reading text-based PDFs, extracting keywords, and understanding document structure. Headings, paragraphs, and links inside a PDF contribute to how the document is interpreted. When Neymar Bruna Biancardi Relationship Status 2025 is properly structured, it becomes easier for search engines to identify its main topics and relevance.

However, scanned PDFs that consist only of images are far less effective. Without readable text, search engines cannot fully index the content. Using text-based PDFs or applying optical character recognition (OCR) ensures that content remains searchable and indexable.
