Tips for Playing and Singing "Go Tell It on the Mountain" in Worship

If you plan to lead this song in a worship setting, here are some practical tips that might help:

1. **Know Your Key:** While G major is common, you might need to capo the guitar or transpose the chords to fit your congregation's vocal range.
2. **Practice Transitions:** Smooth chord changes between G, C, and D will keep the flow natural and prevent any awkward pauses.
3. **Engage the Congregation:** Encourage participation by emphasizing the chorus's call to "Go

tell it on the mountain." This phrase is powerful and easy to sing along with.
4. **Use a Capo:** Big Daddy Weave often uses a capo to achieve a brighter sound or to adjust for vocal comfort; experiment with placing a capo on different frets.
5. **Add Instrumentation:** If possible, layer piano or keys alongside the guitar to mirror Big Daddy Weave's rich arrangement.

Exploring Variations and Advanced Techniques

Once you're comfortable with the basic chords and strumming, you can experiment with some variations to make your version stand out.

Incorporating Suspended and Seventh Chords

Adding suspended chords (like Csus2 or Dsus4) and seventh chords (Gmaj7, D7) can add a subtle sophistication to the harmonic texture. For example:

1. **Csus2:** x30010
2. **Dsus4:** xx0233
3. **Gmaj7:** 320002
4. **D7:** xx0212

These chords can be sprinkled throughout the verse or chorus to create a more emotive atmosphere.

Fingerpicking Patterns

If you want to slow down the song or give it a more intimate feel, fingerpicking the chords is a great option. A simple pattern focusing on the bass note followed by higher strings can add warmth and dynamics to your performance.
