Understanding the Concept of the Black Awakening

What is the Black Awakening?

The term "Black Awakening" refers to a purported awakening of malevolent forces or dark spiritual entities that influence human consciousness and society. It is often contrasted with a "Great Spiritual Awakening" that

signifies enlightenment, moral awakening, and divine revelation. The black awakening is believed to involve the rise of evil influences, occult practices, and unseen dark forces working to manipulate or corrupt humanity. Some proponents argue that this awakening is happening on a global scale, driven by malign entities, secret societies, or covert governments. They suggest that the black awakening manifests through increased activity in areas like occultism, ritual abuse, mind control, and the resurgence of ancient esoteric practices.

Origins of the Term and Its Usage

While the phrase "black awakening" is not universally used in mainstream discourse, it appears prominently within certain fringe communities—particularly among Christians involved in spiritual warfare teachings, conspiracy theory circles, and alternative researchers. It often ties into narratives of cosmic or spiritual battles between good and evil, with the black awakening representing an escalation of dark spiritual influence.

The Concept of the Black Awakening

Defining the Black Awakening

The Black Awakening is a term coined and popularized by Russ Dizdar to describe what he perceives as an impending or ongoing spiritual and societal upheaval driven by malevolent forces. It’s characterized by a surge in occult activity, demonic manifestations, and the awakening of hidden evil networks that influence global events.

According to Dizdar, this awakening is not accidental but part of an orchestrated plan that has been set in motion

for decades, if not centuries. He believes that understanding this phenomenon involves recognizing that unseen forces are actively manipulating human history, culture, and political structures to usher in chaos and deception.

Origins and Evidence Cited by Dizdar

Dizdar points to various historical and contemporary data points, including:

Increase in occult practices such as witchcraft, satanic rituals, and new age spirituality.

Rise in ritual abuse and trafficking, pointing to sicker underground networks.

Growth of secret societies like the Freemasons, Illuminati, and other groups with alleged occult agendas.

Manifestations of demonic activity in recent phenomena—claimed sightings of supernatural entities, portals, and mass possession.

He asserts that these signs indicate a deeper spiritual war and that society is on the brink of a significant shift—a “black awakening” that exposes the darkness lurking in many sectors.

--

The Mechanics of the Black Awakening

Spiritual Dimensions

Dizdar argues that the Black Awakening involves open manifestations of demonic influence, including:

Demonic possession becoming more prevalent among individuals, especially youth.

Supernatural encounters with entities such as fallen angels, spirits, and occult demons.

Deception and manipulation of consciousness, making evil appear good to the unaware.

He emphasizes that these spiritual realities are invisible to most but have tangible effects in the physical world, influencing behavior, culture, and societal systems.

Societal and Political Factors

On a societal level, Dizdar suggests the awakening involves:

Cultural upheaval fueled by spiritual deception.

Proliferation of covert operations aimed at destabilizing nations.

Mass disinformation campaigns designed to create chaos and paralysis.

He believes that globalist agendas, combined with occult influence, are working in tandem to prepare the ground for a “one-world system,” which aligns with biblical prophecy about a final world government.

Technology and the Mark

Dizdar also discusses the role of technology—particularly emerging AI, biometric data, and digital currencies—in facilitating a surveillance and control grid. He warns that these tools may serve as the implementation mechanisms for controlling the populace, paving the way for the “mark of the Beast,” as described in Revelation.

--

The Signs and Symptoms of an Awakening

Cultural Indicators

Dizdar points to several signs that, in his view, point toward the looming Black Awakening:

Surge in occult symbols in mainstream media, fashion, and entertainment.

Increase in violent and bizarre crimes associated with ritual abuse and satanic influence.

Recognition of paranormal phenomena such as portals, ghost sightings, and spirit communication.

Spiritual Indicators

Rise of false teachings and spiritual deception paralleling biblical warnings.

Increased awareness of demons and fallen angels in popular culture.

Massive spiritual apathy or desensitization to evil, making society more vulnerable.

Personal and Collective Readiness

Dizdar emphasizes readiness through:

Deepening one’s relationship with Christ.

Gaining biblical and spiritual knowledge.

Engaging in prayer, spiritual protection, and deliverance.

--

The Implications of the Black Awakening

Biblical Context

Dizdar aligns his teachings with biblical prophecy, suggesting that prior to the second coming of Christ, humanity will face unprecedented spiritual deception, chaos, and darkness. The Black Awakening, in this view, is a part of the fulfillment of end-times prophecy, serving as a precursor to the chaos described in Revelation.

Societal Impact

If Dizdar’s warnings are accurate, society must prepare for:

Increased spiritual deception designed to discredit biblical truth.

Growing persecution of believers who resist the darkness.

Technological tyranny that encroaches on personal freedoms and spiritual sovereignty.

Personal and Spiritual Preparedness

He advocates for believers to:

1. Strengthen their faith through prayer, reading Scripture, and fellowship.
2. Develop discernment to recognize spiritual deception.
3. Engage in deliverance and spiritual warfare to confront darkness.
4. Remain vigilant, understanding that the battle extends beyond the physical realm.

--

Controversies and Criticisms

While Russ Dizdar has gained a significant following, he also faces criticism and skepticism:

Conspiracy concerns: Critics argue that some of his claims verge on conspiracy theory, particularly regarding secret societies and global elites.

Fear-mongering: Dissenters claim that his emphasis on darkness creates unnecessary fear rather than hope.

Lack of mainstream academic validation: His work is largely anecdotal and rooted in faith-based interpretation rather than peer-reviewed research.

Despite this, many followers find his insights compelling,

especially those concerned about spiritual deception and societal collapse.

--

Conclusion: Navigating the Darkness

The Black Awakening Russ Dizdar presents a vision of a world teetering on the brink of a profound spiritual crisis, driven by unseen malevolent forces. His teachings urge believers to remain spiritually vigilant, rooted in biblical truth, and actively engaged in spiritual warfare. Whether viewed as prophetic insight or a cautionary perspective, his work underscores the reality that unseen battles influence our visible world, and awareness can serve as a shield.

Understanding Dizdar’s message requires balancing discernment and faith—recognizing the spiritual realities while maintaining hope in divine sovereignty. As society faces unprecedented cultural shifts, the call to spiritual preparedness and awareness remains vital for those seeking to resist the darkness and uphold truth in turbulent times.
