### Understanding Crime and Criminal Behavior

One of the first areas explored is the definition of crime. What makes an act criminal? How do laws differ from one society to another? Students learn about various types of crimes such as violent crimes, property crimes, white-collar crimes, and organized crime. They also study the psychological and social factors that influence why individuals commit crimes, including poverty, peer pressure, addiction, and mental health issues.

### The South African Criminal Justice System

A significant part of the course focuses on how South Africa's justice system works. This includes understanding the roles of the police, courts, and correctional services. Students examine the process from arrest to trial and sentencing, highlighting the importance of fair trial rights and the presumption of innocence. The study also touches on restorative justice models, which aim to repair harm caused by crime, reflecting South Africa's unique post-apartheid focus on reconciliation.

line spacing, background color, and layout. These adjustments reduce eye strain and accommodate individual preferences or visual needs. Night mode, sepia backgrounds, and brightness controls make long reading sessions more comfortable and sustainable.

Digital copies also reduce physical storage requirements. Instead of shelves filled with books, eBooks are stored digitally, freeing up space at home or in the office. This minimal footprint is particularly beneficial for users with limited space or those who prefer a clutter-free environment.
