2020 Mercedes Benz GLS First Review Kelley Blue Book: Elevating Luxury SUVs to New Heights **2020 mercedes benz gls first review kelley blue book** offers a detailed glimpse into what makes this flagship Mercedes-Benz SUV a standout in the luxury full-size segment. As one of the most anticipated releases in the SUV market, the 2020 GLS has been praised for its blend of spaciousness, cutting-edge technology, and refined performance. Kelley Blue Book's early insights help potential buyers understand why this model remains a top contender, combining traditional luxury with modern innovation.

Unpacking the 2020 Mercedes Benz GLS: A New Era of Luxury SUVs

Mercedes-Benz has long been synonymous with sophistication and quality, and the 2020 GLS exemplifies these traits with impressive upgrades over its predecessor. Often called the "S-Class of SUVs," the GLS aims to deliver an elevated driving experience without compromising on comfort or capability. Kelley Blue Book's first review highlights the redesign that gives the GLS a more commanding road presence along with a host of technological enhancements.

Design and Exterior Refinements

The 2020 GLS introduces a more aerodynamic and muscular silhouette, featuring a wider grille, sleek LED headlights, and a sculpted hood that commands attention. According to Kelley Blue Book, the design reflects Mercedes' philosophy of blending elegance with strength. The GLS rides on larger wheels and offers multiple wheel designs, adding to its bold profile. These aesthetic upgrades not only improve looks but also enhance functionality, especially with the available air suspension system that adjusts ride height for improved aerodynamics and comfort.

Interior Comfort and Technology

Step inside the 2020 Mercedes Benz GLS, and you are greeted with a cabin that emphasizes luxury and space. Kelley Blue Book notes the GLS's third-row seating as a significant improvement, now offering more legroom and comfort for adult passengers—a rarity in many full-size SUVs. The use of high-quality materials like Nappa leather, real wood trim, and brushed aluminum accents creates an upscale atmosphere. Technology is front and center with the MBUX infotainment system, featuring dual 12.3-inch displays that control navigation, media, and vehicle settings with intuitive touch and voice commands. The GLS also offers a Burmester surround sound system, wireless charging, and multiple USB ports, ensuring every passenger stays connected and entertained on long journeys.

Performance and Driving Dynamics

Engine Options and Powertrain

Kelley Blue Book's 2020 Mercedes Benz GLS first review emphasizes the performance versatility offered by this model. The base GLS 450 comes equipped with a turbocharged 3.0-liter inline-six engine paired with an EQ Boost mild hybrid system, delivering a smooth 362 horsepower and 369 lb-ft of torque. This setup balances power and efficiency, making it well-suited for everyday driving. For those seeking more muscle, the GLS 580 features a 4.0-liter V8 biturbo engine combined with EQ Boost technology, pushing out a robust 483 horsepower and 516 lb-ft of torque. Both engines come paired with a 9-speed automatic transmission and Mercedes' 4MATIC all-wheel-drive system, ensuring confident handling in various driving conditions.

Ride Quality and Handling

One of the most praised aspects in Kelley Blue Book's review is the GLS's ride comfort. The available AIRMATIC air suspension with adaptive damping smooths out rough roads effortlessly, delivering a plush ride that few SUVs in this class can match. The optional E-ACTIVE BODY CONTROL takes this a step further by actively controlling each wheel's suspension independently, minimizing body roll and improving cornering agility. Despite its size, the GLS feels composed and responsive behind the wheel. Steering is precise, and the vehicle maintains stability at highway speeds, making long-distance travel more enjoyable. The ample ground clearance and off-road driving modes also add to its versatility, allowing drivers to tackle light off-roading or snowy conditions with ease.

Safety Features and Driver Assistance Technologies

Mercedes-Benz is renowned for prioritizing safety, and the 2020 GLS continues this tradition by incorporating a comprehensive suite of driver-assistance features. Kelley Blue Book highlights standard and available technologies that enhance both driver confidence and passenger protection.

Advanced Safety Systems Included

The GLS comes standard with active brake assist, blind-spot monitoring, and a rearview camera. Higher trims or packages add features such as:

1. Adaptive cruise control with stop-and-go functionality
2. Lane keeping assist and lane departure warning
3. Active steering assist for highway driving
4. Surround-view camera system for easier parking
5. PRE-SAFE® system that prepares the vehicle for imminent collisions

These systems work cohesively to reduce the risk of accidents and make driving less stressful, especially in heavy traffic or challenging environments.

Value and Pricing Insights from Kelley Blue Book

What Does the 2020 Mercedes Benz GLS Cost?

According to Kelley Blue Book's first review, the 2020 GLS starts at a base price around \$75,000 for the GLS 450 model. Prices increase with higher trims and additional packages, with the GLS 580 V8 variant often exceeding \$100,000 once loaded with luxury and tech options. While the price tag might seem steep, Kelley Blue Book points out that buyers get a premium level of craftsmanship, technology, and performance that justifies the investment. The GLS competes favorably with other luxury SUVs like the BMW X7 and Audi Q7, particularly when considering its spaciousness and advanced features.

Resale Value and Ownership Costs

One advantage that Kelley Blue Book highlights is Mercedes-Benz's reputation for strong resale value in the luxury segment. The 2020 GLS, with its blend of durability and desirability, is expected to hold its value well over time. Maintenance costs are in line with other luxury SUVs, and the inclusion of warranty coverage and service plans can help mitigate unexpected expenses. Prospective owners should also consider fuel economy: the GLS 450 offers an EPA-estimated 19 mpg city and 23 mpg highway, respectable for a vehicle of its size and power. The GLS 580's V8 engine naturally consumes more fuel but rewards drivers with exhilarating performance.

Who Should Consider the 2020

Mercedes Benz GLS?

If you're in the market for a luxury SUV that doesn't compromise on space, comfort, or technology, the 2020 Mercedes Benz GLS deserves serious consideration. Kelley Blue Book's first review makes it clear that this SUV is ideal for:

1. Families needing three rows of spacious seating with premium amenities
2. Luxury enthusiasts who want the latest infotainment and driver assistance features
3. Drivers who value a smooth, composed ride that can handle both city streets and rougher terrain
4. Those looking for a prestigious brand with strong resale value and comprehensive safety technology

Whether commuting to work, embarking on a road trip, or simply navigating daily errands, the GLS offers a versatile and refined experience that few vehicles can match.

As Mercedes-Benz's flagship full-size SUV, the 2020 GLS arrives with bold redesigns, advanced technology, and a suite of premium features that aim to redefine comfort and capability. Kelley Blue Book's initial insights into this model offer a detailed perspective on how the 2020 GLS stacks up against its competitors and whether it lives up to the expectations set by its prestigious lineage. The 2020 Mercedes-Benz GLS targets discerning buyers who require a blend of opulence, space, and performance. It competes directly with other luxury SUVs such as the BMW X7, Audi Q7, and Cadillac Escalade. The first review from Kelley Blue Book highlights key attributes of the GLS, including its powertrain options, interior refinements, and driving dynamics, providing a balanced and data-driven evaluation.

Design and Exterior Appeal

The 2020 GLS introduces a robust yet elegant redesign that enhances its road presence. Kelley Blue Book notes that the SUV's exterior has evolved to be more aerodynamic and modern, with a prominent grille and sleek LED headlights that embody Mercedes-Benz's signature styling cues. The GLS's large dimensions, with a wheelbase extended over previous models, promise improved interior space, especially for third-row passengers. From a practical standpoint, the increased cargo capacity and rear-seat comfort make it a compelling choice for families and luxury SUV enthusiasts alike. The design evolution is not just cosmetic; it reflects Mercedes-Benz's efforts to balance luxury with utility, a factor Kelley Blue Book emphasizes in its review.

Performance and Powertrains

Under the hood, the 2020 Mercedes-Benz GLS offers multiple engine options to cater to differing preferences for power and efficiency. Kelley Blue Book's first review highlights the base GLS 450, equipped with a turbocharged 3.0-liter inline-six engine paired with a 48-volt mild-hybrid system. This combination delivers approximately 362 horsepower and 369 lb-ft of torque, providing a smooth yet spirited driving experience. For those seeking more muscle, the AMG GLS 63 variant features a handcrafted AMG 4.0-liter V8 biturbo engine, producing around 603 horsepower. Kelley Blue Book points out that this engine elevates the GLS into true performance SUV territory, offering rapid acceleration and dynamic handling capabilities that rival sportier SUVs. Both models come standard with Mercedes-Benz's 4MATIC all-wheel-drive system and a sophisticated 9-speed automatic transmission, contributing to refined power delivery and traction under various driving conditions. The mild-hybrid system also aids in fuel efficiency, a notable consideration in the full-size luxury SUV segment.

Ride and Handling

The 2020 GLS benefits from an advanced suspension setup that balances comfort and agility. Kelley Blue Book's analysis praises the SUV's optional air suspension system, which adapts to road conditions in real-time, smoothing out bumps and allowing for adjustable ride height. This technology not only enhances ride quality but also improves off-road capability and ease of entry and exit. Steering feel is reported as precise for a vehicle of such size, and the GLS manages body roll effectively during cornering. While not a sports car, the SUV delivers confident handling that instills driver confidence on both highways and winding

roads.

Interior Comfort and Technology

Inside, the 2020 Mercedes-Benz GLS showcases a cabin that emphasizes luxury and cutting-edge technology. Kelley Blue Book notes the use of premium materials such as Nappa leather, wood trim, and metal accents throughout the interior. The spaciousness is one of the vehicle's standout features, with three rows offering ample legroom and headroom for adults. The latest MBUX (Mercedes-Benz User Experience) infotainment system is standard, featuring dual 12.3-inch displays for the instrument cluster and central touchscreen. Voice recognition, touchpad controls, and smartphone integration via Apple CarPlay and Android Auto are all included, enhancing connectivity and ease of use. Kelley Blue Book highlights the intuitive nature of the MBUX system, which contributes to a user-friendly driving experience without overwhelming the driver. Additional features such as heated and ventilated seats, a panoramic sunroof, and advanced climate control systems further elevate the GLS's interior ambiance. Optional upgrades include massaging seats and a premium Burmester surround sound system, both of which Kelley Blue Book identifies as key selling points in the luxury SUV market.

Safety and Driver Assistance

Safety remains a priority in the 2020 GLS, with a comprehensive suite of driver assistance features standard or available. Kelley Blue Book's review underscores the inclusion of adaptive cruise control, active lane-keeping assist, blind-spot monitoring, and automatic emergency braking. These systems work in concert to reduce driver fatigue and enhance overall safety. The SUV also offers an available E-Active Body Control system, which uses cameras to scan the road ahead and adjust

suspension settings instantaneously. This technology not only improves ride comfort but also contributes to safer handling in challenging conditions.

Pricing and Value Proposition

According to Kelley Blue Book, the 2020 Mercedes-Benz GLS enters the market with a base price that reflects its luxury stature, starting around the mid-\$70,000 range for the GLS 450 model. The AMG GLS 63 is priced significantly higher, reflecting its performance enhancements and additional features. When compared to rivals like the BMW X7 and Audi Q7, the GLS offers competitive pricing but tends to command a premium due to its advanced technology, superior interior materials, and brand prestige. Kelley Blue Book's first review suggests that buyers seeking a full-size SUV with a blend of luxury, space, and performance will find the GLS appealing, especially if they prioritize a refined driving experience and cutting-edge tech.

Pros and Cons from Kelley Blue Book's Perspective

1. **Pros:** Spacious and luxurious interior, advanced technology including MBUX infotainment, smooth and powerful engine options, adaptive air suspension for enhanced comfort, comprehensive safety features.
2. **Cons:** Higher starting price compared to some competitors, fuel economy could be improved especially in the V8 variant, third-row seating may still be tight for taller adults despite improvements.

How the 2020 GLS Fits in the Luxury SUV Landscape

In the crowded luxury SUV segment, the 2020 Mercedes-Benz GLS distinguishes itself through a combination of size, technology, and brand cachet. Kelley Blue Book's first review suggests that it is particularly well-suited for buyers who require three-row seating without compromising on luxury or driving dynamics. Its versatility as a family hauler and a comfortable long-distance cruiser makes it a strong contender against rivals that offer similar features but may lack the refinement or performance edge of the GLS. Mercedes-Benz's reputation for innovation and quality craftsmanship further bolsters the SUV's appeal. The 2020 GLS also reflects broader trends in the luxury SUV market, such as the integration of mild-hybrid technology to improve fuel efficiency and the emphasis on digital interfaces for enhanced driver engagement. As Mercedes-Benz continues to innovate, the GLS serves as a showcase for the brand's commitment to blending traditional luxury with modern technology and performance. The first review from Kelley Blue Book provides a thorough and balanced examination of the 2020 Mercedes-Benz GLS, highlighting its strengths and areas for improvement. For consumers considering a full-size luxury SUV, the GLS emerges as a compelling option that promises both refinement and capability in equal measure.
